Telephone	
Date / place of birth	1977-09-13 / Shoreham By Sea, UK
Nationality	British
Language	English / Swedish

Personal statement

After graduating from the Welsh School of Architecture (including a 1 year placement at Sheppard Robson) I moved to London and worked for Panter Hudspith Architects for 3 years. During this period I worked on a variety of design rich projects including Lincoln Archaeology Museum which won a selection of prestigious architectural prizes. I subsequently worked for MAA Architects and was project architect for a number of large commercial projects. During 2007 I moved to Sweden and worked for Offpist Arkitekter AB, Metod Arkitekter och MAF Stockholm i Stockholm och Uppsala before deciding to found LumArc in 2012.

I am a enthusiastic designer and am passionately interested in hand drawing and physical design methods (my thesis project was compltely hand drafted - www.presidentsmedals.com - Part 2 Entries 2001). I am fluent in several CAD (inclusiv Archicad 3D visualisering) packages and can work fast. I am a committed team player but am also used to working independently and as a project leader. Outside of work I am passionate about music, vintage electric guitars, film and reading. I also play badminton and take care of my two children!

Education

2009	Arkitekt MSA / SAR - Member of Sveriges Arkitekter
2006	RIBA Part 3 (Qualified architect in the UK since 2006) Professional Practice and Practical Experience examination The Architectural Association, London, UK
